NOTES:

The Explanatory Statement pursuant to sub-section (1) of Section 102 of the Companies Act, 2013 in respect of the Special Business is annexed hereto and forms part of the Notice.

1. A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY/ PROXIES TO ATTEND AND VOTE INSTEAD OF HIMSELF/HERSELF AND SUCH A PROXY/ PROXIES NEED NOT BE A MEMBER OF THE COMPANY.

A person can act as proxy on behalf of members not exceeding fifty (50) and holding in the aggregate not more than ten percent of the total share capital of the Company carrying voting power. A member holding more than 10% of the total share capital of the company may appoint single person as proxy and such person shall not act as a proxy for any other shareholder. The instrument of Proxy in order to be effective, should be deposited at the Registered Office of the Company, duly completed and signed, not less than 48 hours before the commencement of the meeting.

Corporate members intending to send their authorized representatives to attend the Meeting are requested to send a certified copy of the Board Resolution authorizing their representative to attend and vote on their behalf at the Meeting.

Members and Proxies attending the Meeting should bring the attendance slip duly filled in for attending the Meeting. Members who hold shares in dematerialized form are requested to bring their Client ID and DP ID numbers for easy identification for attendance at the Meeting.

2. Members are informed that in case of joint holders attending the meeting, only such Joint holder who is higher in the order of the names will be entitled to vote.

3. The Register of Members and Share Transfer Books of the Company shall remain closed from Thursday, September 22, 2022 to Wednesday, September 28, 2022 (both days inclusive) for the purpose of this Annual General Meeting.

4. M/s Link Intime India Private Limited is the Registrar and Share Transfer Agent (RTA) for Physical Shares and is also the depository interface of the company with both CDSL and NSDL.

5. Members holding shares in dematerialised form are requested to intimate all changes pertaining to their bank details, nominations, change of address, change of name and e-mail address, etc., to their Depository Participant. This will help the Company and the Company's Registrar and Transfer Agent, Link Intime India Pvt. Ltd to provide efficient and prompt services. Members holding shares in physical form are requested to intimate such changes to Registrar. Non-resident Indian members are requested to inform the company or its RTA or to the concerned DP's, the change in the residential status on return to India for permanent settlement and the particulars of NRE/NRO account with a bank in India, if not furnished earlier.

6. Members may now avail the facility of nomination by nominating, in the prescribed form, a person to whom their shares in the Company shall vest in the event of their death. Interested Members may write to the Registrars and Share Transfer Agents for the prescribed form.

7. The documents referred to in the proposed resolutions are available for inspection at the Registered Office of the Company during working hours between 10:00 a.m. to 5:00 p.m. except on holidays.

8. Queries on accounts and operations may please be sent to the Company 7 days in advance of the 16th Annual General Meeting so that the answers may be made available at the meeting.

9. The Ministry of Corporate Affairs (MCA) vide circular nos. 17/2011 and 18/2011 dated April 21, 2011 and April 29, 2011 respectively has taken a 'Green Initiative in Corporate Governance' and allowed Companies to send communication to the shareholders through electronic mode. Members are requested to support this Green Initiative by registering/updating their e-mail addresses, in respect of shares held in dematerialized form with their respective Depository Participants and in respect of shares held in physical form with the Company or its Transfer Agent.

10. Electronic copy of the Notice of the 16th Annual General Meeting of the Company indicating, inter alia, the process and manner of e-voting along with Attendance Slip and Proxy Form is being sent to all the members whose email IDs are registered with the Company / Depository Participant(s)/RTA for communication purposes unless any member has requested for a hard copy of the same. For members who have not registered their email address, physical copies of the Notice of the 16th Annual General Meeting of the Company indicating, inter alia, the process and manner of e-voting along with Attendance Slip and Proxy Form is being sent in the permitted mode.

11. Members may also note that the Notice of the 16th Annual General Meeting and the Annual Report for the year 2021-22 will also be available on the Company's website www.tijaria-pipes.com for their download. The physical copies of the aforesaid documents will also be available at the Company's Registered Office in Jaipur for inspection during normal business hours on working days. Even after registering for e-communication, members are entitled to receive such communication in physical form, upon making a request for the same, by permitted mode free of cost. For any communication, the shareholders may also send requests to the Company's investor email id: investors@tijaria-pipes.com

12. Voting through Electronic means:

Pursuant to provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended by the Companies (Management and Administration) Amendment Rules, 2015 and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015, the Company is pleased to provide members facility to exercise their right to vote at the Annual General Meeting (AGM) by electronic means and the business may be transacted through e-Voting Services. The facility of casting the votes by the members using an electronic voting system from a place other than venue of the AGM (“remote e-voting”) will be provided by National Securities Depository Limited (NSDL).

The Company has approached NSDL for providing e-voting services through our e-voting platform. In this regard, your Demat Account/Folio Number has been enrolled by the Company for your participation in e-voting on resolution placed by the Company on e-Voting system.

The instructions for members for e-voting are as under:

The remote e-voting period begins on September 25, 2022 at 10:00 A.M. and ends on September 27, 2022 at 05:00 P.M. The remote e-voting module shall be disabled by NSDL for voting thereafter. The Members, whose names appear in the Register of Members / Beneficial Owners as on the record date (cut-off date) i.e. September 21, 2022, may cast their vote electronically. The voting right of shareholders shall be in proportion to their share in the paid-up equity share capital of the Company as on the cut-off date, being September 21, 2022.

Explanatory Statement pursuant to Section 102(2) of the Companies Act, 2013

Item No. 3: Ratification of Remuneration to Cost Auditors

The Board of Directors, on recommendation of the Audit Committee, at their meeting held on Wednesday, May 25, 2022, appointed M/s Avnesh Jain & Co., Cost Accountants as Cost Auditor of the Company to audit the cost records of the Company for the Financial Year 2022-23 at a remuneration of INR 20,000 (Rupees Twenty Thousand only) and reimbursement of out of pocket expenses, at actuals incurred in connection with Cost Audit.

In terms of the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor requires ratification by the Members of the Company. Accordingly, consent of the members is sought by passing an Ordinary Resolution as set out at Item No. 3 of the Notice.

The Board of Directors recommend the Ordinary Resolution set out at Item No. 3 of the Notice, for approval of Members.

None of the Directors or Key Managerial Personnel of the Company, or their relatives are in any way concerned or interested (financially or otherwise) in the resolution set out at Item No. 3 of the Notice.

Item No. 4. Appointment of Mrs. Sonu Surana as Independent Director

The Board had, based on the recommendations of the Board Nomination and Remuneration Committee (“BNRC”), appointed Mrs Sonu Surana (DIN: 09705878) as an Non Executive Independent Director of the Company Subject to approval by Shareholders in the Forthcoming Annual General Meeting to be held on September 28, 2022, not liable to retire by rotation, for a period of 5 years commencing from September 28, 2022 to September 27, 2027, in accordance with the provisions of Section 149 read with Schedule IV of the Act. Profile of the director is attached herewith for your reference.

Mrs. Sonu Surana has consented to act as Director of the Company and has given her declaration to the Board that she meets the criteria for independence as provided under Section 149(6) of the Act and Regulation 16(1) (b) of the SEBI LODR. In terms of Regulation 25(8) of the SEBI LODR, Mrs. Sonu Surana has confirmed that she is not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact her ability to discharge her duties. She has also confirmed that she is not debarred from holding the office of a Director by virtue of any SEBI Orders or any such Authority pursuant to circular dated 20th June 2018, issued by BSE Limited and the National Stock Exchange of India Limited pertaining to enforcement of SEBI Orders regarding appointment of Directors by listed companies. Further, Mrs. Sonu Surana is not disqualified from being appointed as a Director in terms of Section 164 of the Act. Mrs. Sonu Surana has confirmed that she is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014, with respect to her registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs.

In the opinion of the Board, Mrs. Sonu Surana fulfils the conditions specified under the Act read with Rules thereunder and the SEBI LODR for her appointment as Independent Non-Executive Director of the Company and is independent of the Management. Having regard to the qualifications, experience and knowledge, the Board considers that her association would be of immense benefit to the Company and it is desirable to avail the services of Mrs. Sonu Surana as an Independent Director. A copy of the draft letter for appointment of the Independent Director setting out the terms and conditions of her appointment will be available for inspection by the Members. Members who wish to inspect the same can send a request to the e-mail address mentioned in the notes to the Notice. A brief profile of Mrs. Sonu Surana, including details of current directorships forms part of this Notice. In compliance with the provisions of Section 149 read with Schedule IV of the Act, Regulation 17 of the SEBI LODR and other applicable regulations, the appointment of Mrs. Sonu Surana as an Independent Director for five consecutive years commencing from September 28, 2022 is now placed for the approval of the Members by an Ordinary Resolution. Mrs. Sonu Surana would be entitled to sitting fees for attending the Meetings of the Board of Directors and Committees thereof where she is a Member.

None of the Directors, Key Managerial Persons or their relatives, in any way, concerned or interested in the said resolution.

2. State of Company's Affairs and Future Outlook:**State of Company's Affairs:**

India's economy faced unprecedented challenges from the COVID-19 pandemic which resulted in a negative growth in India's overall GDP.

The Pipe Line Industry also affected due to the shutdown of various Government offices, other commercial establishments and adoption of WFH practice. The price of the Raw material used in manufacturing HDPE & PVC pipes has also been hiked due the unavailability of proper resources resulting a badly hit on the Company's profit. However, with a gradual relaxation in COVID restrictions and the phased opening of the Indian economy, there was an improvement in the turnover during the third & fourth quarter of the year under review.

In this year, Textile division's product Mink Blanket did not well performed due to heavy burden of financial cost over Fixed Assets.

Future Outlook:

Your Company's performance for the year was adversely by lower volumes and price realization from Govt. Offices due to the disruptions caused by the CoVID-19 pandemic.

However, we are of the firm belief that once the impact of the 2nd wave of pandemic recedes, your company will achieve a quick and smart rebound. But the next wave of COVID-19 is likely to affect the performance of the company in the current financial year.

3. Cash Flow Analysis:

In conformity with the provisions of Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and section 2(40) of the Companies Act, 2013, the cash flow statement for the year ended 31st March 2022 is included in the annual accounts.

4. Change in Nature of Business

During the year under review, the board has decided not to continue the mink blanket unit during the year 2022-2023.

5. Transfer to Reserves:

The Board of Directors of your Company has not transferred any amount to the Reserves, for the year under review.

6. Investor Education and Protection Fund:

During the year under review, Company has not transferred any amount to the Investor and Education protection Fund (IEPF).

7. Dividend:

The Company has no surplus during the year. Hence, no dividend has been recommended by the Board of Directors of the Company.

8. Significant and Material Orders:

MANAGEMENT DISCUSSION & ANALYSIS REPORT

Industry Structure & Developments:

The Company is engaged in manufacturing in two segments viz. Plastic and Textile. Plastic industry is one of the fastest growing industries in India which is playing a vital role in our economy. In the plastic division, the main products of the Company are HDPE Pipes, Sprinkler Irrigation System, Drip-Irrigation System, Mini Sprinkler System, Green House, Micro irrigation, uPVC Pipes, SWR pipes & Fittings, Electrical uPVC Conduit Pipes & Fittings, PLB ducts, DWC Pipes and uPVC Casing Pipes and in the Textile division, the main product is mink blankets and Masks. The plastic division runs under the brand name of 'Tijaria' and 'Vikas'.

Make in India campaign is expected to benefit the overall industry sentiment as the government undertakes sector specific initiatives and implement policies and programs to improve overall business climate and investments.

Revival of economy will also boost domestic consumption, leading to widening growth prospects for this industry.

The Indian plastic industry has taken great strides. In the last few decades, the Industry has grown to the status of a leading sector in the Country with a sizable base. The material is gaining notable importance in different spheres of activity and per capita consumption is increasing at tremendous pace. Continuous advancements and developments in polymer technology, processing machineries, expertise, and cost effective manufacturing is fast replacing the typical materials in different segments with plastics.

The Company is geared up to exploit the opportunities and challenges that arise in such conditions. Its strong distribution network, wider product range, responsiveness to the changing market conditions and resilient work force, all this can help your Company to pursue its path of future growth. On an overall basis, your Company expects a better performance in the ensuing year as well. The export of plastic products also yields about 1% of the country's exports. The sector has a large presence of small scale companies in the country and provides employment to an estimate of about 0.4 million people in the country. Huge investment has been made in the form of fixed assets in the plastic processing industry.

The Indian plastic industry clearly has the potential to continue its fast growth. However, over the years, competition in the industry has increased considerably. To survive the competition, both polymer manufacturers and processors will need to adopt radically new methods and approaches to reduce costs, improve market and customer service and management of performance. The per capita consumption of plastics in India is well below the world average. However, it also reflects many years of growth ahead, as the country's economy continues to grow and upgrade the usage of products. Translating the expected growth rate into incremental demand, it is obvious that the country will remain one of the largest sources of additional demand for almost all kinds of plastics. Hence, it is clear that plastics will continue to be a growth industry, with boosting prospects for fresh investments in polymerization and downstream processing capacity. This is in contrast to the situation in various other countries, where growth prospects are limited, either because of stagnant demand or due to the historical over building. In such countries, the overall outlook would be far less promising, with the key imperatives being cost cutting and capacity rationalization.

Opportunities and Threat:

Growth in the pipe and textile industries is bound to happen due to several initiatives taken by the Government. Industry friendly environment, reduction in interest rates, GST implementation, and ease of doing business are some of the factors which will lead to the industries to a growth path. Besides domestic competition, competition from overseas suppliers may affect the growth prospects of the Company. However, Company's brand 'Vikas' and "Tijaria" is established named in the HDPE/PVC pipe industry and continues to maintain its leadership position.

Segment wise Performance:

Segment wise performance is presented in the Balance Sheet forming part of this Annual Report.

Future Outlook:

The Company's aim is to first come out from losses. Various initiatives and measures being taken to achieve this will surely make the Company's future better.

Risks and Concerns:

Both pipe and textile division needs regular technological up-gradation as well as expansion so as to meet the growing demand as well as reduction in the cost of production. Company is taking various measures including option to realize value from the sale of non-core assets.

Internal Control Systems & their Adequacy:

The Company has adequate system and procedure of internal control which is in commensurate with the nature of its business and size of its operations. Internal audit is conducted to cover the key areas of operations.

Discussions on Financial Performance with respect to Operational Performance:

The company booked a loss amounting of Rs. (2169.46) Lacs in this financial year against the losses amounting of Rs. (1392.97) Lacs in last closed financial year. As a result of the challenges faced during the year, our turnover decreased by around 14 % over the previous year. The Company plans to further strengthen the areas where more improvement opportunities exist.

Human Resource Management:

The Company's HR philosophy is to establish and build a high performing organization, where each individual is motivated to perform to the fullest capacity to contribute to developing and achieving individual excellence and departmental objectives. The Human resources of an organization determines the success and failure of an organization. A structured communication process inside the organization is critical to enhance the employee productivity and satisfaction levels. Employee perception on communication is also tracked closely and their feedback is used to further improve this process. Industrial relations are continued to be cordial and satisfactory. The total number of employees on the rolls of the Company was 57 as on March 31, 2022.

Cautionary Statement:

Some of the statements made above are stated as required by applicable regulations. However, they are based on the data available and the bonafide judgment of the management, the actual results may be affected by various factors, which may be different from what your management envisages in terms of future performance and outlook.

INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS OF
TIJARIA POLYPIPES LIMITED**

Report on the Audit of the Financial Statements: -

Opinion

We have audited the financial statements of **TIJARIA POLYPIPES LIMITED** ("the Company"), which comprise the balance sheet as at 31st March 2022, and the statement of Profit and Loss (Including other comprehensive income), Statement of Change in Equity and Statement of Cash Flow for the year than ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit (Loss) (Including other comprehensive income), Change in Equity and Cash Flow for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key Audit Matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in in the context of our audit of the financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters	How our audit addressed the key audit matter
Recognition of Deferred Tax Assets	
The assessment of the valuation of deferred tax assets, resulting from net operating losses of previous years and temporary differences, and provisions for uncertain tax positions is significant to our audit as the calculations are complex and depend on sensitive and judgmental assumptions. These include, amongst others, long-term future profitability and local fiscal regulations and developments. As matter of prudence, the company has not recognized the deferred tax assets.	We have tested the management's assessment of the recoverability of deferred tax assets and future profitability of the company. We also assessed the applicable fiscal regulations and developments, in particular those related to changes in the statutory income tax rate and of the statutes of limitation since, as these are key assumptions underlying the valuation of the deferred tax assets and uncertain tax positions.
Non-Current Assets Held for Sale	

<p>As per Ind AS 105, assets being carried forward as assets held for sale from 2018-19 onwards have to complete the sale transaction in one year. The delay may have been caused by events or circumstances that are beyond the control of the entity.</p>	<p>The company has classified noncurrent assets as held for sale Rs. 32,35,778.00 on that cumulative depreciation amount Rs 2,53,152.87 Company has disclosed these non-current assets classified as held for sale is at book value. The management of the company was not in a position to sell the transaction in the last financial year due to market conditions, now the sale transaction may be completed within the next one year considering the improvement in the market.</p>
<p>Employee Gratuity Benefit Plan IND AS 19</p>	
<p>As per IND AS 19 assets and liability pertaining to Employee Gratuity Benefit Plan as on 31st March 2022.</p>	<p>As per the financial Statement year ended 31st March 2022 Expenses Recognized in Profit & Loss Account Rs. 73,134/-, Other Comprehensive Income Rs. -7,72,381/- and The Amount Recognized in Balance Sheet Rs. -28,38,785/- whereas as per the Report of Actuary Rs. -57,535/-, Rs. 60,234 and Rs. -28,11,728/- respectively.</p>

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have

performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

A Further description of the auditor's responsibilities for the audit of the standalone financial statements is included in Annexure A. This description forms part of our auditor's report.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure B" a statement on the matters Specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

ANNEXURE -A OF INDEPENDENT AUDITOR'S REPORT

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure C to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **TIJARIA POLYPIPES LIMITED** ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**A. General information:**

The financial statements comprise of Balance Sheet, Statement of Profit and Loss, Statement of Change in Equity and Statement of Cash Flows together with the notes thereon of Tijaria Polypipes Limited for the year ended March 31, 2022.

The Company is a public limited company incorporated and domiciled in India under the provisions of the Companies Act applicable in India. It is a company listed at Bombay Stock Exchange (BSE) and National Stock Exchange of India Limited (NSE). The Corporate office of the Company is located at SP-1-2316 RIICO Industrial Area, Ramchandrapura Sitapura Ext. Jaipur, Rajasthan – 302022.

The Company primarily operates in two segments i.e. Pipes & Textiles. The products considered for each operating segments are: 1) Pipes includes HDPE, PVC pipe, irrigation system; 2) Textile includes Mink Blankets, Mask.

B. Basis of Preparation and Statement of compliance

The financial statements have been prepared in accordance with Ind ASs notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The financial statements are prepared under the historical cost convention, on the accounting principles of a going concern. All assets and liabilities have been classified as current or non-current in accordance with the operating cycle criteria set out in Ind AS 1 and Schedule III to the Companies Act, 2013.

Accounting Policies not specifically referred to otherwise are consistent and in consonance with the applicable accounting standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014.

All expenses and incomes to the extent ascertainable with reasonable certainty are accounted for on accrual basis. All taxes, duties and cess etc. paid on purchases have been charged to the Statement of Profit and Loss except such taxes, duties and cess, which are subsequently recoverable with reasonable certainty from the taxing authorities.

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements and reported amounts of revenue and expenses for that year. Actual result could differ from these estimates. Any revision to such estimate is recognised in the period in which same is determined.

The financial statements are presented in Indian Rupees ('INR') and all values are rounded to the nearest rupee, except otherwise indicated.

C. Significant Accounting Policies:**1. - Property, Plant and Equipment:**

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold or Leasehold land is stated at historical cost.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement

of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Where an obligation (legal or constructive) exists to dismantle or remove an asset or restore a site to its former condition at the end of its useful life, the present value of the estimate cost of dismantling, removing or restoring the site is capitalized along with the cost of acquisition or construction upon completion and a corresponding liability is recognized.

Cost of regular comprehensive maintenance work (such as major overhaul) are capitalized as a separate component if they satisfy the recognition criteria. Otherwisethey are charged to Profit and Loss during the reporting period in which they are incurred.

2- Other Intangible Assets: -

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Intangible assets with indefinite useful lives are carried at cost less accumulated impairment losses.

3 Derecognition of intangible assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from Derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognized.

4 Depreciation &Amortisation: -

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method as per the provisions of Part C of Schedule II of the Companies Act, 2013 based on useful life and residual value specified therein. The residual values are not more than 5% of the original cost of the asset's the asset's residual value and useful life are reviewed and adjusted if appropriate at the end of each reporting period.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

Estimated useful lives of the assets are as follows:

Class of assets	Useful life in Years
Buildings	30
Plant and Machinery	15
Furniture and fixtures	10
Vehicles	8
Office equipment	5
Computer	3

The Use full life are taken as determined based on technical evaluation done by the management expert or those specified by schedule II of the company Act,2013 in order to reflect to the actual usages of the Assets

5 Capital Work-in-progress/ intangible assets under development and Pre-Operative Expenses during Construction Period

Capital work-in-progress comprises of the cost of PPE that are not yet ready for their intended use at the Balance Sheet date.

Cost of material consumed, erection charges thereon along with other related expenses incurred for the projects are shown as CWIP for capitalization.

Expenditure attributable to construction of fixed assets are identified and allocated on a systematic basis to the cost of the related asset.

Interest during construction and expenditure (net) allocated to construction are apportioned to CWIP/ intangible assets under development on the basis of the closing balance of Specific asset or part of asset being capitalized. The balance, if any, left after such capitalization is kept as a separate item under the CWIP/intangible assets Schedule.

Claims for price variation / exchange rate variation in case of contracts are accounted for on acceptance of claims.

Any other expenditure which is not directly or indirectly attributable to the construction of the Project / construction of the Fixed Asset is charged off to statement of profit and loss in the period in which they are incurred.

6 - Impairment of tangible and intangible assets other than goodwill:-

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

7 - Borrowing costs: -

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognised in statement of profit or loss in the period in which they are incurred.

8 - Cash and cash equivalents: -

Cash and cash equivalent in the balance sheet comprise of cash at banks and on hand and demand deposits with an original maturity of three months or less that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

9 - Inventories: -

Inventories of Finished Goods, Raw Material and Work in Process are valued at cost or net realizable value whichever is lower. Cost of inventories includes Cost of manufacturing and other cost incurred for the manufacturing and in bringing the inventory to their present location and condition and applicable statutory levies net of under recovered levies charge to Profit and loss but exclude borrowing cost. Costs are assigned on the basis of FIFO method. Net realizable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and estimated cost necessary to make the sale.

10 - Revenue recognition: -

(a) Sale of Tubes and Pipes: -

Revenue is recognised to the extent that it is probable that economic benefit will flow to the Company and that the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. Amount disclosed as revenue are exclusive of all taxes, and net of returns, trade allowances, rebate and amount collected on behalf of third party.

Sales are recognized when the Goods are delivered to customers. No element of financing is deemed present as the sales are made with a credit of 60-75 days which is consistent with market practice.

(b) Interest income:

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

11 - Taxation: -

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

(a). Current tax-

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(b). Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be

available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the statement of profit and loss. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets relate to the same taxable entity and same taxation authority.

(c) Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

The assessment of the valuation of deferred tax assets, resulting from net operating losses of previous years and temporary differences, and provisions for uncertain tax positions is significant to our audit as the calculations are complex and depend on sensitive and judgmental assumptions. These include, amongst others, long-term future profitability and local fiscal regulations and developments. As matter of prudence, the company has not recognized the deferred tax assets. We have tested the management's assessment of the recoverability of deferred tax assets and future profitability of the company. We also assessed the applicable fiscal regulations and developments, in particular those related to changes in the statutory income tax rate and of the statutes of limitation since, as these are key assumptions underlying the valuation of the deferred tax assets and uncertain tax positions.

12 - Earnings per share: -

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

13 - Provisions, Contingencies and commitments: -

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A disclosure for contingent liabilities is made when there is

(a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or

(b) A present obligation that arises from past events but is not recognized because:

(i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or

(ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each reporting period.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

14 - Financial instruments: -

Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(a). Financial Assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (a) The entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

(b). Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

(c). Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

(d). Impairment of financial assets

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

The Company trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement for impairment testing.

(e). Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On Derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is

Recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

For financial assets other than trade receivables, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

On Derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

(f). Non-Current Assets Held for Sale

The Company recognized some Non-Current Assets held for sale, as per the Indian Accounting Standards 105 the company has present a non current assets classified as held for sale separately from other assets in the balance sheet. That asset has not been offset. The company has classified noncurrent assets as held for sale Rs. 32,35,778.00 on that cumulative depreciation amount Rs 2,53,152.87 Company has disclosed these noncurrent assets classified as held for sale is at book value.

As per Ind AS 105, assets being carried forward as assets held for sale from 2018-19 onwards have to complete the sale transaction in one year. The delay may have been caused by events or circumstances that are beyond the control of the entity. The management of the company was not in a position to sell the transaction in the last financial year due to market conditions and COVID-19 pandemic, now the sale transaction may be completed within the next one year considering the improvement in the market.

15 Financial liabilities and equity instruments: -

(a). Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(b). Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the company are recognised at the proceeds received, net of direct issue costs.

(c). Financial liabilities

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

(d). Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
 - on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
 - it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the company documented risk management or investment strategy, and information about the Companying is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in profit or loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective

interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

(e). Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

(f).Reclassification of financial assets and liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such change are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in the business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassifications and the how they are accounted for:

Original Classification	Revised Classification	Accounting treatment
Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in statement of profit and loss.
FVPTL	Amortised cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on new gross carrying amount.
Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
FVTOCI	Amortised cost	Fair value at reclassification date becomes its new gross carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
FVTPL	FVTOCI	Fair value at reclassification date becomes its new gross carrying amount. No other adjustment is required.

FCTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognised in OCI is reclassified to statement of profit and loss at the reclassification date.
--------	-------	--

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

16. Employee related Benefits

(a). Defined Benefit Plans - General Description

Gratuity: Each employee rendering continuous service of 5 years or more is entitled to receive gratuity amount equal to 15/26 of the monthly emoluments for every completed year of service subject to maximum of 10 Lakhs at the time of separation from the company.

(b). Other long-term employee benefits - General Description

Leave Encashment: Each employee is entitled to get 15 earned leaves for each completed year of service. Encashment of earned leaves is made at the end of the financial years.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

17. Investments:

Long term investments are stated at cost. In case, there is a decline other than temporary in the value of the investment, a provision for same is made. Current investments are valued at lower of cost or fair value.

D. Use of Estimates, Assumptions and Judgements

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures including the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require an adjustment to the carrying amount of assets or liabilities in future periods. Difference

between actual results and estimates are recognised in the periods in which the results are known / materialise. The Company has based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Taxes

The Company provides for tax considering the applicable tax regulations and based on reasonable estimates. Management periodically evaluates positions taken in the tax returns giving due considerations to tax laws and establishes provisions in the event if required as a result of differing interpretation or due to retrospective amendments, if any. The recognition of deferred tax assets is based on availability of sufficient taxable profits in the Company against which such assets can be utilized. MAT (Minimum Alternate Tax) is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax and will be able to utilize such credit during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the Statement of Profit and loss and is included in Deferred Tax Assets. The Company reviews the same at each balance sheet date and if required, writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will be able to absorb such credit during the specified period.

(b) Useful life of Property, Plant and Equipment

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(c) Impairment of Non-financial assets

Non-financial assets are reviewed for impairment, whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

(d) Provision for decommissioning

In measuring the provision for ARO, the Company uses technical estimates to determine the expected cost to dismantle and remove the infrastructure equipment from the site and the expected timing of these costs. Discount rates are determined based on the risk adjusted bank rate of a similar period as the liability.

(e) Provisions and Contingent Liabilities

Provisions and contingent liabilities are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

E. Fair value of financial assets and financial liabilities

The management consider that the carrying amounts of non-current and current financial assets and liabilities recognised in the financial statements approximate their fair values.

F. Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

G. Gearing ratio

The gearing ratio at end of the reporting period was as follows:

Particulars	As at 31/03/22	As at 31/03/21
Debt (i)	69,15,42,103.43	65,87,69,473.80
Cash and bank balances (including cash and bank balances in a disposal Company held for sale)	4,57,972.99	2,45,79,568.29
Net debt	69,10,84,130.44	63,41,89,905.51
Total equity	(14,71,94,568.05)	6,85,85,880.55
Net debt to equity ratio	-	9.25

C. Debt is defined as long-term and short-term borrowings (excluding derivative and contingent consideration).

D. Net Equity is in Negative i.e -14,71,94,568.05, Net Debt to equity ratio is not calculated.

H. Other Notes on Financials Statements.

(a) All the balance shown under the heads Trade Receivables, Trade Payables, Loans and Advances, Security Deposits, Other Current Assets, Other Current Liabilities and Unsecured Loans are subject to confirmation and reconciliation.

(b) Corporate Social Responsibility (CSR)

As the net worth of the company is below Rs. 500 Crores, Turnover is below Rs. 1000 Crores and net profit is below 5 Crores, provision of the section 135 of companies Act, 2013 are not applicable on the company.

(c) The Company has provided the provision for liability of works carried/supplies received pertaining to Financial year 2021-22 till such invoices are received by the Company upto 25.05.2022.

(d) Figures have been taken to nearest rupees. Previous year figures have been regrouped / rearranged wherever considered necessary to make them comparable with the Current Year figures.

N. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company operates in a competitive environment and is exposed in the ordinary course of its business to risk related to changes in foreign currency exchange rates, commodity prices and interest rates. The fair value of future cash flows of sale of products manufactured and traded will depend upon the demand and supply as well as import of raw material mainly from China which has major effect on prices in local markets.

O Credit Risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the company. It encompasses of both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration risks. Company's credit risk arises principally from the trade receivable and advances.

P. Trade Receivables:

Customer credit risk is managed by the company through established policy, procedures and controls relating to customer credit risk management. Credit quality of a customer is assessed based on financial position, past performance, business/economic conditions, market reputation, expected business etc. Based on that credit limits and credit terms are decided. Outstanding customer receivables are regularly monitored.

Trade receivables consists of large number of customers spread across diverse segments and geographical areas with no significant concentration of credit risk. The outstanding trade receivables are regularly monitored and appropriate action is taken for collection of overdue receivables.

The average credit period on sales of Pipes and PVC Tubes lignite is 60-180days.

Trade receivables are disclosed below in the aged analysis and during the reporting period, the Company has not recognized an allowance for doubtful debts because there has not been a significant change in credit quality and the amounts are considered recoverable.
